Summary

Analytical and detail-oriented Financial Analyst with 2.5 years of experience in corporate finance, specializing in inventory accounting, revenue recognition, and financial reporting. Skilled in improving process efficiency, ensuring IFRS compliance, and delivering data-driven insights. Proficient in SAP S4HANA, with intermediate knowledge in Power BI, Python, and SQL. Well-versed in GCC VAT and UAE Corporate Tax regulations, bringing strong regional tax awareness to support accurate reporting and compliance in the UAE financial framework.

Experience

HEWLETT PACKARD ENTERPRISE – Bangalore, India
Mar 2023 – July 2025
Financial Analyst

- Managed reconciliations for over $50M in deferred revenue and inventory-related accounts, ensuring accuracy, compliance, and timely resolution of reconciling items.
- Improved month-end and quarter-end close cycles by 15% through enhanced process efficiency.
- Identified and resolved revenue discrepancies via SAP S4HANA analysis, contributing to a 98% data integrity rate.
- Supported global Warranty and Labor Cost teams across three regions by managing subsystem trackers and resolving data fallouts.
- Maintained strong relationships with stakeholders to ensure timely corrections, optimize account usage, and provide actionable suggestions related to reconciling items.
- Coordinated and communicated effectively with auditors, country controllers, and cross functional teams to address audit and QA queries efficiently and on time.
- Achieved 100% green metrics in quality assessments with zero escalations.
- Mentored junior analysts, improving team productivity and knowledge sharing.
- Partnered with RPA team to automate tracker updates and reconciliation processes, significantly reducing manual effort and enhancing efficiency by 25%.

Key Highlights

- Recognized multiple times for Quarterly Best Performance for exceptional delivery and accuracy
- Selected for HPE's upskilling in Excel, Power BI and Python, boosting skills in financial tools.
- Provided concurrent support to various teams, enhancing overall productivity
- Completed Lean Six Sigma Yellow Belt workshop focused on process improvement fundamentals
